And I was not in it.... ai got stuck under by some weeds or whatever it was. Next thing i know there's Bubba, pulling me out and said. And I quote. " You are never f ing going tubing with me again"  Yes I did lol love ya Bubba

To Tony's children you are our nieces and nephews. Tony loved to play guitar and draw. He always had a smile on his face and had a great sense of humor. “ Oooh! Tony you will be missed why so many people that love you. You always wanted to make people laugh. I remember a time that I was coming out of an outhouse and he scared the shit out of me so bad that I ended up firing him. Of course I hired him right back. Then there was another outhouse incident. He had taken the van and parked it so close to the outhouse door and I couldn't even get out. Everybody had a good laugh at that one!!  
I am so sorry I haven't spent much time. Life is so short I'm going to miss you. I can no longer have the chance or the opportunity to spend even one day with you now. May you rest in peace and occasionally still get out and scare somebody. I love you buddy
