“ Like so many others, I knew Barb as a very caring and giving nurse, who worked the night shift at McKee for many years. She was always so patient with my feeble attempts at speaking Spanish. But what struck me most about her was the love she had for her family. She was so proud of all of her children and grandchildren. How blessed we all are to have shared the years we had with her.

“ I join you in thanking God for Barb and for her life. I had the pleasure of working with her for many years at the McKee ER. She took care of her patients with great patience, even those who were hard to love. May your family be consoled by the many good memories of her and by celebrating her entry into eternal life.
