“ To the family and friends of Dan Junker, Please accept my condolences in your time of grief. I am only familiar with Dr. Dan through the Scriptures for America ministry. “ To the family of Dan Junker, please know that he was loved sincerely by myself and family. Dan taught me so much and the natural medicine family and I do mean so much and I've taken that knowledge and shared it with many and helped many with it. It is truly a shame that he has left us at such a young age I know my family is terribly hurt behind this. We want to share our condolences with you by saying that he was truly an angel I will be terribly missed and may God bless each one of you. And until we meet with him again again I reiterate he will be terribly missed I personally am aware that he has touched those out there and helped many.
