“ My mother in law, where to start, she was a special kind of woman, the most ambitious, strong willed, always willing to help, spunky as hell, loved to dance, & laugh, she taught me so much, probably more than she ever knew. But most of all she lived unconditionally! Thank you for all you did, for me & my children, I feel honored to be able to care for you in the end, Thank you Gma Dot for being the best mother in law. & GMA I could ask for, I promise to take care of the family the way you taught me too, and although my heart is broken, I will forever miss you, and forever love you deeply, GOOD BYE GMA, GOD BLESS YOU!!

“ I loved my grandma with all my heart and I will always remember her no matter what and I will never stop loving her! She was awesome and she loved her family a lot. I'm missing her but it's OK she's always watching over us with the same sweet smile. I LOVE YOU FOREVER GRANDMA!

“ I am so very saddened by the news I've just now read. For the short time I knew her and spent time visiting her on my frequent trips from Evanston, Wyoming to Denver... I can honestly say that she was like a second Mom to me. Especially for what my long lost Best Friend Mike 'Beak', and myself put her thru! She always had a way of setting us straight though. I will always miss her immensely, but will forever hold on to all the kind words and moments we shared. Please contact me Mike... I have been trying to find you for 25 years now! Love, Greg Dayton
