“ Evelyn was the Secretary of the Department of Mathematics at Colorado State University when I began my studies as a graduate student, and later when I joined the faculty. She was the last of the great secretaries--the ones who knew all the answers, who could do everything, and who made our lives so much better--not only with her helpfulness, but with her wonderful, welcoming smile. She will be missed.

“ The Anderson family is in our hearts and prayers. We will always have Evelyn and memories of her with us. We will particularly remember the car trips to Denver and back to Fort Collins where we had an opportunity to talk about anything. Evelyn loved to discuss books, family, religion, politics, etc. with us and we so enjoyed her wit, humor and passion for learning. We will miss her! Love Pat and Greg Ketchum.

“ Evelyn...what a classy lady whose love of the Lord shown through in how she treated those around her. I treasure the time we shared at PLT Bible study, especially her mentoring me with wisdom and encouragement. She was someone I could always go to for truth and perspective. How the Heavens must be celebrating as such a Saint has entered. May those of you blessed to be her family be filled with memories and overwhelming love of a life shared. I miss her but am smiling as I know she is where she lived life on earth knowing she would some day meet her Maker face to face. God's Peace and Love to all of you. In His Love, Verlane Saxton
