“ “Loren Glen”, can still be heard as clearing coming from Aunt Jolley Ann as if she were standing right here beside me. And, I have to giggle. Such wonderful memories of so many treasured memories together. Loren had an infectious smile— one that left you not quite knowing what he was thinking. He had a quick wit that left you rolling in laughter or wondering if you were the butt end of his joke. He had a knack for drawing you into the deepest philosophical discussions and then, after arguing relentlessly for half an hour, do his belly laugh and tell you he agreed! Connie you were his partner, friend, wife— my heart goes to you in a sincere hug. I hope your memories and love will carry you in the years to come. Ella Annette, you were the baby sister that he adored. I can only think that Peggy met him with an, “about time “. To all his nieces and nephews, he loved you immensely-regardless what he said in jest! Chuck, your memories from childhood will always bring joy to your heart. Love, LaNola

“ Aunt Connie there are no words that can express the loss you are feeling now or the giant hole that Uncle Loren has left behind in everyone’s heart. He was an amazing man and I have nothing but fond memories of him. He could bring laughter and fun to any room. He will be greatly missed. You are in my thoughts and I will send healing energy your way.

“ Connie, words are always hard during times like these... they never quite sound right, but it may be more important than any of us realize to share, so here it goes. When we were next door neighbors, Steven borrowed Loren's pick axe - 20-25 years ago. He never returned it. Loren called him out on it. Steven replaced it with a new one (cause he left the old one out in the weather - sorry about that!). I think we still have that old weathered axe - and we just lent it to another neighbor. Steven said he always saw Loren driving his red motorcycle and thought to himself that he wanted one of those one day. Funny how folks can influence someone without even realizing it. You and Loren have been a tremendous blessing to our family, and we mourn with you. Hopefully Loren is enjoying time with his Maker, Amen! Love you Connie!

“ I mainly knew Loren from the Northern Colorado Rod and Gun Club. He was a champ always the happy when he could teach and learn from fellow enthusiasts. Our conversations will be missed. God bless him and his family during this difficult time.
