“ Imagine a phone call to share a beautiful sunset, watching together for the resident family of deer to emerge from the grounds of Woodward Governor, or checking to make certain there were treats for her little kitty "Tuna" as well as for the squirrels outside her door! Surrounded by photos and memories of her family, my dear Auntie Jo was a true friend and a blessing to those who knew her. She was an important presence in my life from the time I was a young child and I will always be grateful for the time we spent together.

“ The Christmas stocking Auntie Jo made for me as a child still hangs each year after 65 years. Many memories of time spent at family events flood my mind today. My sister Mary Joan was named after her. She was my dad's only sibling. They were fondly called sonny and sis by their parents. She had wonderful taste, decorating her home with a style of her own. All who knew her will remember her love of animals. I will miss her!
