“ On behalf of the Aragon-Mitotes family we send our condolences to the Hernandez-Lozano familia. I truly am so sorry to hear that Marcella passed. I have known Marcella since I was a young girl, we all grew up in the neighborhood. Marcela was always a supporter of the activism I did for the Tres Colonias neighborhood, especially Buckingham since that is where we lived. She always greeted me with open arms and a smile that really touched my heart. She was a very kind and loving woman, and a good soul in the world. She will be missed greatly by all that knew her. She leaves behind a legacy, if you look for Marcela, simply look in the eyes of her children and grandchildren and you will see her there. May God walk with your familia during this difficult time, RIP Marcella, you were greatly loved and admired.

“ I do not have the words to express how I feel for the loss of my mom. There was nothing I couldn't ask for that you wouldn't do. I have been so blessed to have you as a mother and even though I won't see you I can still feel your presence. I don't know how I will continue on without you. But I do promise to never take life for granted and appreciate everything You did for me. I'll remember all the beautiful memories of you and everything we shared. You were such a great grandma to my boys. Thank you for everything mom. I love you.

“ We're all here to honor the life of our grandmother . On these occasions we're supposed to highlight the impact that someone so special had on our life . When I sat down to write this it was really hard to narrow it down to any specific moment . My grandmother was the glue that held this family together for a very long time . Which is why any memory I can think of dates back to being at grandmas house . That house wasn't just where my grandparents raised their family but it's where our parents did as well . Whether we knew it or not my siblings along side with all my cousins learned so many valuable lessons under that roof . Our grandmother was the pillar of that roof . I'll miss the days of staying up way too late with my cousins and waking up to grandma and her rolling pin making tortillas first thing in the morning . She never forgot to call on a birthday and she never ended a conversation without saying I love you . We're all here to celebrate your life .. so thank you for being the pillar of this family for so long and there will not be a day that goes by where we won't think about you . I love you Gran ! Thank you for all of the memories , lessons , and love that you provided along the way . You are one of the most selfless human beings I have ever had the privilege of knowing and we're all better human beings for knowing you . We know things won't be the same with you not around . But it's not good bye . It will be we just went a little while without seeing each other . And in everyone's own unique way we're going to continue to love you and will forever miss you .

“ My Tia Marcella was a loving tia and always made me feel welcomed when I was home for vacation. She would let me know she was thinking about me with her little gifts. My Tia is in a better place with her son Andy. Our hearts and prayers go out to the familia.

Richard & Juani Casarez and family
