

Richard Tony Nolte

March 29, 1959 - August 22, 2020

Richard Nolte, 61, passed away on August 22, 2020. Richard was born in Ft. Collins, CO to Anton and Rosa Nolte. He grew up in Ft. Collins, attending St. Joseph Elementary, Lincoln Junior High and Poudre High School.

Richard graduated from Western State University in Gunnison, CO, with a degree in Geology. He worked for various companies in Colorado, Wyoming and Nevada before incurring a serious head injury in an automobile accident in 1983. Richard spent the next 37 years in Ft. Collins convalescing and slowly recovering. He was supported in recovery by his family and many friends. They all made sure he traveled the state, attended key events, and had lunch with the boys once a month.

Richard was always the life of the party with a wicked sense of humor, a big heart and a zest for life. He never lost hope, and up until his death he was plotting his unique way forward... Richard was preceded in death by his parents Anton and Rosa.

We want to thank all of the healthcare workers who were involved with him throughout his life. The trouper has moved on...

A service will be held on Thursday, September 3 at 9:30 a.m. at St. Joseph Catholic Church. A Graveside Service will be held at 11 a.m., Thursday at Resthaven Memory Gardens Cemetery.

“ Richard was a “True Friend” from Lincoln Junior High (Lancers), Boy Scouts of America (BSA, Troop 95, and Beaver Patrol), Poudre High School (Impalas), Western State College (WSC, roommates 1979-1981), after college through all his joys and challenges in life.

R. Nolte, as his mess-kit was labeled, will always be remembered for his determination, flare for life's ups and downs, staying positive with a great sense of humor, always willing to lend a helping hand to others. Thanks again R. for your great typing skills at WCS, helping me through college while enjoying Gunny-Ville (Beckley MPH and E lot), your great Leadership in BSA, junior high, high school and college athletics, and the gift of accepting life on life's terms.
