“ I met Russ about 10 years ago while in high school when I stayed at his house with his son Brad, and his grandchildren Joe and Julie. Right away Russ and Barb made me feel right at home, and after seeing his plethora of artwork throughout the house I could immediately relate. When I think back one of the highlights of the trip was watching the movie "Bubble Boy," and laughing so hard at how ridiculous the movie is. Of course, before we left Russ wouldn't let me leave without having a few paintings to take with. The paintings have always reminded me of the impression he left me with of being such a great person, and I feel very lucky to have them with such a great story to tell. His paintings definitely represent the celebration of a man who lived a great life. My condolences to the family.

“ Barb, I am so sorry for your loss. I will miss Russ so much. I've spent almost every Thursday of the last year taking art lessons from him which was a joy for me. He was such a wonderful man and teacher. I'm glad that our paths crossed. He enriched my life. Every painting that we did together will always remind me of him.

“ It is with great sadness to hear of Russ's passing. I have many of his prints all over my house. Just today I looked up at one of them wondering about him. I remember meeting with Russ and Barbara in Ft.Collins to discuss and order an original painting to be created with moose in it. I was delighted and thrilled with the end result. Russ made an impact on my life with his art and gentle nature. Thank you Russ for sharing with us. Sincerely, Kathy Backus
