“ I was saddened to hear of Bill's passing. He had a huge influence on me as a 4-H member in Boulder County for 10 years in the late 60's. Lessons that he taught me have stayed with me to this day and I credit him for much of my horsemanship skills. He was the last of his kind and I will be forever grateful for his influence on my life.

“ Dear Culbertson family; Memories of Bill flood back to me this morning as I read about his long, wonderful, and full life. I smile as I clearly remember being in the Culbertson kitchen on Laurel, watching him paint in 'his' section of the kitchen. What an incredible talent he had. My other favorite memory of Bill was watching him lasso 'steers' in the backyard; he showed me how, but I never got the knack! Great, great happy memories. He added to peoples' lives. That is what we can all hope for. He will be missed.
