“ I worked with Aggie in the 90s in the lunchroom at McGraw Elementary. She was so energetic and delightful and always made me smile. She helped me through a particularly hard time in my life. She was one of my guardian angels and now she is no longer earth bound. I lost my own mom a few months ago, and like to think of them comparing notes. ;) Debb Brown

“ I have fond memories of Aggie living next door when I was a little girl. When she made tortillas she would always have me come over.
