“ As I read her obituary of her life growing up in Trinidad I came to remember we were in high school together. But most of all I remember that she was the soloist at my wedding in July 1953. I have thought of her often as she is in my wedding pictures. It was amazing to know we both were in this area for so many years and to only discover it in this way.

I send my condolences to you, her family and friends, and to let you know she is remembered as part of my life,too.

Bless you,
