I saw her several times over the recent years and she NEVER left without giving me a great big hug! Betty I love you and hope that you are at peace and I am sure your social calendar is already full of fun and card games! Fred, Cynthia & family- May your memories keep Betty in your hearts forever.

“ I am so very sorry to hear of your family's loss. I was just thinking of Betty recently. I so valued the time that I was able to work with her at Iowa Title and we shared so many laughs and great times. We had many fun nights playing cards and having dinners. We used to joke that she was my vacuum packed twin : I am thankful for every moment I was able to spend with Betty. She was always so positive and loving. Every day with her was a joy. It was truly my honor to know her and have as much time as I did with her. My husband and I called her first when we eloped in las vegas and told her that we had won using her birthdate numbers! I want to give my deepest sympathy for your loss; my thanks for sharing your wife, mom and grandma; and to wish her as much joy and happiness in the next phase of her existence. Betty Radosevich you were a star in my life and I love you!
