

Carson June Muir

April 20, 2005 - February 22, 2024

Behind her big blue eyes was a fierce competitor and a deep faith.

In life and competition, Carson lived life by her favorite Bible verse (Matthew 17:20). She believed that the seemingly impossible could be achieved through faith.

Carson loved to swim and compete, and she has a long list of records as proof of her passion for the sport. Carson began swimming competitively at 7 years old for the Birmingham Swim League where her 2018 record for the 200m back for 11-12 year olds still stands. At Spain Park High School, she was a 6-year letterman on the swim and dive team. As a senior, she captured the 6A-7A State Championship title in the 500m freestyle, breaking her own school record she set in 2021. She also set team records in 2021 in the 200m medley relay and in 2022 in the 100m fly and the 400m freestyle relay.

Carson was a freshman member of the University of Wyoming's Women's Swim and Dive team. Upon visiting the campus during recruitment, Carson immediately knew she had found her second home. She loved everything Wyoming had to offer. In her words, "The world needs more cowgirls." She specialized in long distance freestyle and butterfly events.

In addition to swimming, the University of Wyoming provided Carson with

what she enjoyed most in life, all things outdoors--backpacking, hiking, skiing and wildlife. While there, she also discovered new interests; she fully embraced line dancing and adopted Godzilla, a leopard gecko. She was majoring in animal and veterinary sciences.

Carson is survived by her parents, Kristie and Mark Muir; brother, Austin Muir; her grandparents, Sandra and Gary Deavours, Lyn and Bob Frederickson, and Jackie and David Muir; and her aunts and uncles, Andy Campbell, Craig Deavours, Amy Halliwell, and Ryan Muir.

The family wishes to acknowledge the tremendous role Carson's coaches played throughout her life. They were a positive influence in helping her reach her swimming goals and shape her strong character.

All are welcome to join the family in sharing and celebrating the many blessings of Carson's life on Saturday, March 16, at the Church of the Highlands, Grants Mill Campus, 4700 Highlands Way in Birmingham, Alabama. Visitation will begin at 1 PM with a service following at 3 PM. The service will also be livestreamed.

“ *My first college roommate. Words cannot describe how much I miss you. You taught me so many things. Carson you have the purest soul and the kindest heart. Thank you for being you and always keeping me humble. You made such a difference in my life and I will always be thankful for that. You and luke were the perfect couple and it comforts me knowing that you're both watching over us. I'll miss you forever. Rest easy pookie ❤️🕊️*

“ I remember all of our sleepovers at my house where we watched scary movies and I introduced Carson and Norah to *The Conjuring*. I remember me and Carson scheming against Norah during the night by pulling her leg to trick her into thinking it was a ghost. I remember our many long nights of *Just Dance*. I remember listening to *Make it Jingle* over and over and over until I had the whole song and dance memorized. I remember the haunted houses we had at my house and her scream every time something jumped out. I still sometimes listen to the video of her going through and screaming, “Ashlyn! We know you are in here!” I remember when we had a whole weekend of just Carson and me time and we went to the obstacle course at Oak Mountain. She was the one that convinced me to jump off the 30 foot slide. I still remember how bad the water hurt when I hit it. She was just laughing and trying to convince me to go again. I still have all the crazy selfies and videos that Carson and Norah would take when I wasn’t in the room and I would find them in my phone later. I remember when we went to Florence and got *Krispy Kreme* and she fit 2 whole doughnuts in your mouth then spit them out. These are only a few examples of the fun energy that Carson always had. Even though I hadn’t seen her in awhile, I love and miss Carson every day.

“ Although we didn't see her often, it was such a joy watching Carson evolve from this shy little toddler to a sweet young girl with a huge grin, and into a determined teenager and then a confident young woman. We always enjoyed listening to tales of her adventures. We love you, Carson.

Carson, I have oh sooooo many memories, but one of my favorite one's is when everyone was thinking you should be a backstroker but you wanted to be a flyer, so you and I made a bet on your next races. Sadly for you, you cut the most time on your backstroke so you were suppose to agree that you were meant to be a backstroker BUT you came to me after the races and told me you had decided that you still didn't agree so we settled by saying you were a "FLYBACKER". Carson you were so special to so many and you will be forever in our thoughts!!!
