“ My deepest sympathy goes out to you Phyllis and your family in this difficult time. I was able to know Coral just a short time and just from that I can tell what a remarkable woman, sister and friend she was. You and your family are in my thoughts and prayers.

“ We send our deepest sympathy to you and Tottie's many friends and former students. Dorothy was always happy to share with us each detail of Tottie's teaching skills, rewards, and love for her students. Last Christmas Tottie sent us a hand-written two-page letter which I kept as a reminder of her thoughtfulness during a busy season. Our sympathy to each one of you. Kathy and Randy

I agree. Coral was always interested in all things and served at the international club at CSU. Julian Pineda. I should have gone to visit her way out in the country but I lived in Oregon. How she movec so far away is mystery.
