

David Michael White

January 9, 1968 - October 8, 2021

A nature lover, lifelong jokester and clever inventor-David Michael White passed away on October 8, 2021, returning to the vast and mysterious unknown he loved to ponder.

He was born in Hillsboro, Kansas on January 9, 1968, and he lived in a few towns throughout the state before moving to Laramie, Wyoming to complete his degree in 1997. His technology career with Hewlett Packard brought him to Colorado in 2000. Moving out west fulfilled his lifelong dream of living near the Rocky Mountains.

David loved music and animals and had the most beautiful blue eyes that sparkled when he smiled, especially if he was joking around. An enthusiastic vegetarian with a diverse palate, his cooking was never boring and discovering Indian food was such a delight. Standing at nearly six feet tall, Uncle D was funny and charming and gave the best hugs.

David was extremely bright with an insatiable desire to learn about the world around him. He often had a unique perspective that left you with more questions than answers. He'll always be adored by his family. The sound of his laugh will always be remembered.

He loved to explore nature with his canine companions. Spending time with his family and enjoying the mountains fed his soul. He's still out there roaming the back country and taking the road less traveled.

David is survived by his mother Jane White of Greeley, Colorado, his sister Christine Marshall, his nieces Alexa Marshall and Anna Marshall, as well as a host of cousins, aunts, uncles and friends. He is preceded in death by his grandparents Walter and Dorothy Foth.

David was taken from us too soon. Our hearts are broken with an unbearable longing. The pain of losing him is far too great to convey in words, but we are sustained by our family, friends and faith.

We will forever miss his fun loving nature, his dry, dark sense of humor, his keen intelligence and sense of curiosity. To quote a scientist David admired since he was a kid watching 'Cosmos' back in the 80s, Carl Sagan once said "We are like butterflies who flutter for a day and think it's forever."

A private celebration of life service will be held at a later date.

Tribute Wall

CR

“ I am just learning of Davids death and I am heartbroken. We have lived next to David for 14 years and he has been a great neighbor! We didn't see David all the time, but always enjoyed our conversations when we did see him. My son has delivered May Day baskets to him every year. David would plant the flower in the pot and leave it on his porch- and he always would leave a Thank You note in our mailbox. We will miss seeing David coming and going. My heart breaks for his family. David will be missed!
