“ My Knight in Shining Armor

Hi Everybody-

I wanted to first introduce our daughter, Kimberly, and Denny's son, Tim!

We want to welcome you and thank everyone so much for coming today to help us celebrate the life of Denny Allen, the wonderful man that we have all come to know and love.

I wanted to take a few minutes to tell everyone the background on how Denny and I first met.

I started working at a high tech company called ION TECH that used to be in Fort Collins. Denny was the Manufacturing/Production Manager and I became the Purchasing Manager. The company had gone through several previous Buyers that did not do a very good job at getting the parts needed for Manufacturing when they needed them. When I had been there a few months, Denny and I started working on strategies to prevent inventory shortages for his production schedules. We worked very well together, and we became close. The story that Denny used to tell everyone about how we came together was this. He would say,

“I was so impressed with how well she did her job, I asked her to marry me!”

We were inseparable, started our business together, and shared 30 years of love and happiness. He became my soulmate, best friend, partner, husband, father of our daughter, teammate, go to person and the love of my life. We both agreed that God had brought us together, because there was no way we would have found each other without God's help! At the end of November, when Denny lost his battle with Covid, I lost my Knight in Shining Armor.

I tried to find the right way to best sum up the way Denny lived his life. I wanted to find some way to express his qualities, without creating a 50 page list!

I recently heard in a pastor's sermon that "contentment" is a by-product of a person's gratitude, happiness, and thankfulness for Blessings. It comes from being like Jesus- having patience, kindness, gentleness, humor, faithfulness, love, peace and joy. When I heard this, I immediately realized this was the perfect word to describe Denny! "Contentment".

My two biggest Blessings from God have been our daughter, Kimberly - and the contentment Denny and I found in our love, our closeness , and in just being together!

I know everyone has a personal story of how they interacted with Denny, and how they remember and love him. Some of these stories were shared with us, and are being displayed on the monitor screen for you to read, along with many photo examples of Denny's amazing skills, talents and creativity.

Denny loved Nathan's chili dogs, Frostop soda and popcorn, so we hope you will share these foods as they are served to you today by the wonderful people at The Laughing Dog food truck. We also have Denny's awesome artwork prints to give out to everyone, along with dash plaques - keeping in the true car show style! We hope that you will enjoy these things and help us remember and celebrate his life! We love you and thank you so much for coming and sharing.
