“ Jake, Shellan, and my Dennis, my thoughts and prayers are with you. I know and see a part of your father in each of you. Wear it proud and honorable for that is what he wished. To Dennis my love, I believe a part of you always walks beside me now, just you and me the way you liked it. Always your butterfly! Annette Mackey

“ Your memory will stay alive in the family you created. You were a great and loving father and grandfather. I wish I had the 9 years of pictures we had taken together and All the animals we raised together. I felt at home when I went to the property. I wish I could have seen Colleen maybe it would have made her feel better. I didn't know you were so bad. I forgot to sign the book at the funeral. I will never forget you. I love you Lisa
