“ There are too many memories of the best times she and I shared over 50 years ago when my grandmother introduced us. Everything from reading together, walking downtown, devil dogs, seeing Butch Cassidy and the Sundance Kid 20 times one summer, her chocolate cake, chicken and noodles and how she taught me how to drive her beloved yellow Toyota. Tons of times she was there for me. I remember when she told me her mom thought I was weird. I would call her Saturday mornings and wake her up and we would goof off all the time. She was my best friend and she put up with me for years and life some how got in the way and we unfortunately drifted apart and I regret we did and miss her and those times and it breaks my heart that those times are gone and so is she and I wasn't there for her in the past years as she was one person who made my life bearable. I will always hold her in my heart and never forget my best friend and the endless crazy years we shared. I hope her family knows what she meant to me as I was always around back then and sorry that she's gone as I just found out. Heaven has another angel along with my brother, dad, and my mom. Love and prayers to you her family and thank you for sharing her with me.

“ I first met Dixie after she started working at State Farm as the “company nurse”. She always had a smile on her face and everyone knew she that she was a very caring person. During the time she and I were still at State Farm, I was in her office a total of maybe 6 or 8 times, yet every time, she knew me and remembered my name which is amazing to me since there were about 1100 to 1300 employees at State Farm at the time !!! She truly was an amazing lady and we all will miss her. ——— Please accept my condolences and prayers for Dixie and for her entire family.

“ I remember her so fondly. I was the Supervisor for security at State Farm so I went on many emergency calls with her. I would also see her around Windsor once in awhile and she seemed to always have a smile on her face. I saw a lady in a Smart car the other day and was wondering about Dixie. RIP My Friend and prayers to her family!

“ *Dixie was an amazing nurse and friend that genuinely cared about everyone!*

She did so much for us! She took care of us, made us laugh, educated us and was a friend to all at State Farm! I always enjoyed talking to her when she would come to the lobby.

You will be missed Dixie! My prayers and thoughts goes out to the Jennings family and I am deeply heartbroken to hear this news!

Sincerely, Jennifer DeNoncourt

“ To the Jennings family,
We are very sorry for your loss. We know that Dixie's passing was unexpected and decades too soon. May you find comfort in your family, friends and special memories of your sister. Your are always in our thoughts.

“ When we worked at State Farm we had lunch together everyday.
We had such fun times. Dixie was a special person.

“ We will miss you Dix!!!

*Feel no guilt in laughter, she'd know how much you care.
Feel no sorrow in a smile that she is not here to share.
You cannot grieve forever; she would not want you to.
She'd hope that you could carry on the way you always do.
So, talk about the good times and the way you showed you cared,
The days you spent together, all the happiness you shared.
Let memories surround you, a word someone may say
Will suddenly recapture a time, an hour or a day,
That brings her back as clearly as though she were still here,
And fills you with the feeling that she is always near.
For if you keep those moments, you will never be apart
And she will live forever locked safely within your heart.*
