Look For Me In Rainbows

Time for me to go, I won't say goodbye;
Look for me in rainbows, way up in the sky.
In the morning sunrise when all the world is new.
Just look for me and love me, as you know I loved you.

Time for me to leave you, I won't say goodbye;
Look for me in rainbows, high up in the sky.
In the evening sunset, when all the world is through.
Just look for me and love me, and I'll be close to you.

It won't be forever, the day will come and then,
My loving arms will hold you, when we meet again.

Time for us to part now, we won't say goodbye;
Look for me in rainbows, shining in the sky.
Every waking moment, and all your whole life through
Just look for me and love me, as you know I loved you.

Just wish me to be near you, and I'll be there with you.

“ Doris,
I'm sure going to miss you, words canno't express this pain in my
heart. If you see my brother in heaven (Ernie) please give him a bad
time. He was also a fun loving person like you. I will keep all the
good memories we had with our grandson Zac. I'm so glad that you
spent some time with your new great granddaughter Ava. Thank
you for all the support you gave me.

Love always,
Betty

“ *She was a neat gal and we always had a good time "catching up" at some of the old time get togethers we had at Skip and Janet McRaes. May the family find comfort in the many great memories Doris must have left for them to cherish. Thoughts and prayers are with you at this time.*

“ My Aunt Doris was my everything the first 14 yeas of my life. She was my favorite Aunt, in fact I remember wishing that she were my mother when I was young. I loved hanging out with her. She was always so kind, loving and just fun to be around. She had a way of making you feel special. You just knew you were her favorite, at least that is what every niece or nephew thought. When I left in 1973 to move to Oregon we had a chat before I left. She told me never to let anyone push me around, always stand by your word and to love unconditionally. Over the years I never did make it back home but every time I heard a song by Elvis I would smile and remember the amazing Aunt that God blessed me with ,.and I did my best to follow the words of wisdom she shared with me. Every child should be blessed to have an Aunt like the one I had.

Love you and I will see you again,

“ There are so many memories for me. She was like a mentor to me right after I graduated from high school. She protected me and taught me to be tough and not let others push me around. Whenever I needed some one she was always there. I loved her so very much.

“ I met Doris when I became friends with her sister Bobbie when we were in Jr High at that time the family lived across from Lincoln Jr. High (mulberry). After some years I ran into Doris at different stages of her cancer. Always smiling, a great sense of humor and just being Doris. She would lite up the room when she was in it. The world has lost a special person who made everyone happy that was in her circle of light. Rest in Peace, Doris and fly with the angels.

“ One of my oldest and dearest friends will no longer share her enthusiasm with the world. She had a great sense of humor and a demanding presence where she went and will be greatly missed. Due to her I have shared my life for 55+ years with Charlie. I think often and fondly of all the craziness we shared through the years. My heart aches for her family and you are all in my prayers. Bide your time until you are all together again in the Resurrection. God grant you comfort. Love to all, Marla and Charlie

Doris was a very special person and a joy to all who knew her. She entertained us all with her wit and humor. She will be sorely missed but she is in a better place with no pain or frailties. I know of no other person who could get through all of her cancer battles and still keep such a positive attitude. Im sure she is giving LP some good laughs! My prayers are with you Lyle and family.
