“ I had the privilege of working with Liz for many years. Liz was an exceptional leader and inspired people that worked for and with her. She taught me a lot about marketing and managing. But most importantly, Liz was a wonderful person and I enjoyed her friendship immensely. My thoughts and prayers go to her family.

“ I has the pleasure of working in two of Liz's organizations in Greeley and in Loveland. She was not only an awesome manager but also an awesome person. She cared about the people in her organization - not just getting the job done. Lots of great memories. My condolences to your family and may you find comfort in the joy that was Liz!

“ Liz and I worked together at a time at HP that was one of the best of times. The company culture was that of working hard yet having a good time at it, a time of recognition, authenticity & connection and Liz showed all of that in spades. We were all lucky to count her as a colleague and to have known her and have experienced that SMILE and Laugh. Sorry for your broken hearts.

“ Liz was one of the first supervisors I worked for at HP. She would frequently make me laugh and was a fun person to be around. She made my early IT career a pleasure. I will miss her smile and her warm personality. She was gone all too soon. Rest in peace Liz. You will be missed.

“ Liz was a very special person and the best manager I ever worked for at HP. She was such a great mentor with the ability to make everyone achieve their best while feeling totally comfortable knowing that you could ask her anything and she would give you an honest answer. She had a profound impact on so many lives. I am devastated that she is gone way too soon. I will miss you Liz, your positive attitude and most of all your wonderful laugh. We all loved you Liz!

“ Liz was hands down one of the best leaders I ever worked for at HP. She was the kind who put people first, always seeing the person behind the role, but she also held you accountable in the best way possible. She inspired you to be better while making you feel valued.

The world has lost a truly good one, and those of us who had the chance to know her are better for it. Liz, thank you for the lessons, the kindness, and the example you set. RIP

“ I had the fortune to visit Liz weekly in my role as a Hospice volunteer and she was a delight. We would walk hand-in-hand in the garden area, sit and look through a book or magazine together, or listen to music (80's love songs). I enjoyed her beautiful smiles and cute chuckles when she enjoyed an activity. She had a sweet spirit that I will truly miss!

*“ I met Liz 40+ years ago at HP. She was the best manager I ever had and became a friend. We shared a few Christmases together with her whole family, our wedding, watched Chris and Pete grow up. Liz was the best. I'm sure she is in heaven making sure St. Peter dots every "i" and get all the details correct in every document.
Herb, Chris, and Pete ... Mark and I send hugs and sympathy to all of you.*

“ *She was one of the most beautiful ladies I have ever known, on the inside and out side. I can't tell you how much she will be missed, by her friends and family! We were neighbors for a long time, our kids hung out, and went to school together, from kindergarten to High School!*
