“ To the family of Elvira, our deepest condolences. We had known her for many many years. We will never forget her wonderful ability to play the accordion and her talent in singing at home and in church. She was a great inspiration to each and every one of us. She lived across the street from my mother Mary and grandmother Vicentita, and would visit often even if it was just to have coffee or to play music for us. I will never forget her, I just want to thank her for always talking to us about how great church was and that we needed to be saved. She was a wonderful person, she will be missed deeply by our family. We know that she is walking amongst the angels in Heaven watching over those she most cared about and loved.
