“ *Reta and Charles have been devoted music lovers and great supporters of the music program at CSU. It was always a joy to see them in the audience when we were on stage. Reta was always wonderful to speak with following performances. Her warmth, generosity and joy as she spoke about music was infectious. Her presence in our community will be so missed.*

Deepest condolences,

“ The death of Rita was such a shock--she and I have been friends for years but as time and duties take over our lives, I have been out of touch--I am so sorry as my memories of Rita are wonderful.

I also played in a bridge club with Rita--she was quite a bridge player. But I think there was another Rita that I so admired. That was the lady who entered the career world and was outstanding in the professional world. I also had the pleasure of working in a volunteer capacity with Rita. She was as reliable and committed to her volunteering as she was to a career. She made my duties so much easier, I will always be grateful. And she was as pleasant as she was efficient.

All of this does not tell of her lifelong love of opera--she and Charles shared a beautiful life of attending operas in many cities. The two of them leave Ft. Collins with a lasting venue of fine music.

I think that all of the people who enjoyed, loved, and admired Rita will share a feeling of loss of a fun, enthusiastic friend. June Kissock

“ I played in a bridge club with Reta and we "clicked" from the first day I met her. She was funny, she was mischievous, she was smart, and she was an absolute delight to be around. I can hear her laugh clearly. As is so often the case, once the bridge club disbanded, our efforts to stay in touch didn't survive and seeing Reta's obituary today was a stark reminder that friendships are precious and should be nurtured. I send condolences to Reta's family and know God welcomes her with open arms. We have lost a very special lady and heaven has gained an angel 😇.
My memories will bring a smile to my face.
