“ I worked a couple of years with George at Sears in Montclair, CA. When I transferred to his department, although we would be competitors, he took the time to train me and bring me up to speed. He didn't have to do that, it's just the kind of guy he was. We spent hours talking about the problems of the world and how we would solve them. George loved his family all of them and always expressed concern for their welfare. George, you are missed.

“ I'll never forget the day George stopped us in Sears to talk about softball. My daughter was wearing a uniform and he was looking for a team for his granddaughter. The rest is history! George was in our lives a short time but the impression he left with us will last a lifetime. His positive attitude, enthusiasm and love of life and family are qualities we should all strive to achieve. George will be missed by many but his spirit will live on in Bonnie and his "girls".

“ George, was one of my best friends. We would talk for hours at work about family, I miss him very much. He was very funny, I will always remember his laughter. Some people come in to your life, and you are all for the better. I have laughed and cried for him and his family, I feel blessed to call him my friend. My heart is broken that it is so far away. I feel blessed that I can send my love to him and his family. I hope George has some pull with God for his Raiders. Love the Hurley's
