“ *Georgine was our wonderful neighbor. Our family loved coming to her rescue--raking leaves, changing smoke detector batteries, whatever she needed. We have missed her smiling presence ever since she moved. Our thoughts are with you and your family. Mark and Sue Hoenig*

“ *Georgine and I were friends for about 40 years. We had a lot of fun together. I admired her many qualities including her love of nature, flowers, and friends and family, her intelligence, friendliness, determination, and her independence, to name a few. I will miss her.*

“ *I got to know Georgine through activities at Lemay. I enjoyed Georgine's sharp wit and her eye for detail. She was a dignified woman with a lot of class. I'll will miss the FaceTime calls we'd have with Chris...you were a loving son for your mother. God bless you!*

“ *Georgine is part of the fond memories I have of attending the First Church of Christ, Scientist in Fort Collins during my late teens and early twenties (1980's) with my parents and then later much more sporatically. She was always in such a sunny disposition, she and the other wonderful "church lady friends". She was friends with my mom and shared stories about her after her passing (1996) when my path would have me in attendance. A lovely lady, she was.*

“ *Georgine was a woman of gentle voice, and strong will. She had a spirit of seeking new ways to deal with old problems. She had a commitment to living her life, her way...with grace and independence. I shall miss seeing her in Old Town...our paths crossed often, and that always made my day better.*

“ *Georgine was my lovely neighbor. We have lived across the street from her for many years. We have missed her since she sold her home several years ago. I loved the passion she had for working in her yard and it was our gift to look out our windows and enjoy the beauty she created. She was an amazing woman and truly an iconic institution on Emigh Street.*

“ I enjoyed working throughout the years with Georgina. She taught flower design which was offered thru CSU at the time. She was a regular customer at Bath and our paths crossed most recently a few years back when she moved into Parkwood. She was always the upbeat, positive and inspirational one. My Condolences!
