“ For many years, Jacinta and I would share the back pew at Holy Family. I would always look forward to seeing her and knew she would be looking for me, so I better not miss Mass. She and her husband started sitting closer to the front, so they could hear Father, but we continued to look for each other. She was my favorite. With Sympathy, Lib

“ My sister Jacinta was a very caring and loving person. I have wonderful memories growing up in a neighborhood Northeast of town. She being the oldest of our family, took on the responsibility of raising and help provide a living for our whole family. She worked many years for Poudre Valley Hospital. One story i will share of her kindness and goodness is the one that i remember of her during one Christmas she gave me what I wished for the most. Many of the boys in our neighborhood had their bikes and I envied their good fortune. She saved enough money to buy one for me and hid it in the storage building we had in our back yard. As kids, we never let any thing go by us without knowing what was happening. My friends and I found the hidden bike and I quickly asked my mother who's bike that was. She told me and let me ride that bike that I cherished that Christmas Holyday. The best present I had wished for. She also helped us with our school homework. I thought she was a very smart person and she was. God bless my sister whom we all loved very much.
