Miss you Jake. Wish Nick and I could be there for your party, cause that's what I believe you'd want, a party. Farewell my friend. You'll be missed but not forgotten. RIP my friend 🙏

“ I remeber when mt son first introduce us to jake and I thought to my self Dominik better be caerful who he is hanging around with this dude is wild and crazy. And then I found out he was brother to my cousin husband David McDade. and i let my guard down. But as years passed I realized he was the most sincre friend my son could have he was always there for Dominik and always watching out for him but if we ever needed anything he was always there like a guardian angel he was never afraid of anything or anyone and he sure spoke his peace. He was a wonderful father and I give him so much props for raising his daughter by himself and she was always by her daddy side. God you sure do have a wonderful angel and I know he will be watching us everyday and sending us many signs that will remind us of him. Jake thank you for all you did for my family you will always have a spot in my heart. May you rest in peace and always watch over you dear friend Dominik guide him down the right path and keep talking to him like you always did

“ I remember the first time I met Jacob. He was such a little character. We were in the church nursery and he thought he was to grown up to be there. He wanted to be in the "big" church with his brothers. He was so cute to be around. But always thought he was more "grown up" than he was, until it came school time. But he had a way of always making me feel better about things and making me laugh.
