“ I didn't know James. I did see his Facebook page being he shared my exact name. Not sure he was related however very likely he was. I am saddened of his loss and my heart goes out to his family and friends. Sharing only a name may seem little to some but I will forever hold it special and sadly

James was a man who I was honored to have known. The times we had were both joyful and serious. He always showed me the utmost respect and friendship. I will miss you. Dianne, no one can know the loss and pain you feel but my prayers and thoughts are with you and your family. Amanda, losing the love of your life is one of the hardest things you will ever have to do. He is there in your heart and try to remember the joy that he brought you. Herman Jaramillo

Thank you for writing to my son. He was my pride and joy. I have one foot in heaven and one on earth. You are very right when your child dies before you, it is not natural and the greatest pain I have ever had in this world. He will always be in my heart because we love our children no matter the age. Amanda had left him, so can't speak for her.

“ My deepest condolences to Jimmy's family. I only have fond memories of him. The world was a better place for having had him in it. I pray he is with his Grandpa Paul who he so much loved and admired. -With Sympathy Brenda Zech Axberg

Brenda, thank you so very much. I would also like you to know if I would have known your Dad passed, I would certainly have been at his service. I am so sorry. Jimmy informed me quite a few months later. He did not know either and would have liked to have been there. Bill loved his girls and was very proud of you. He was a big part of my life, and I hated hearing the news , especially after the fact. He always helped me when he could, and I certainly know what a good man he was. Jimmys death was so sudden, it has been very hard. It just is not natural to lose your child before you. I have one foot in heaven and one foot on earth. I can never be the same. I have never experienced any greater pain in my life. It meant a lot to me for your response.

James you will always have a spot in my heart. Amanda you may not know me but you were the light of his life and meant so much to him. May god keep you all in his arms to comfort you in this time of grief. And James I will see you in heaven.

“ *When we last talked, we were remembering the times we shared as step brother and sister. We talked about you pulling me around in a Wagon countless times. You made sure to apologize for the time you rolled my neck up in the window at the gas station. That memory still makes me laugh. You will be missed.*
