

Janice Faye Dedrick

September 23, 1937 - January 8, 2014

This feature is to celebrate Janice Faye Dedrick's wonderful life. She was a very determined, intelligent, honest and loving woman. Janice was a devoted wife and loving mother. Janice was born to Pauline and Fred Uhrich on September 23, 1937 in Ft. Collins Colorado. She grew up in Ft. Collins as a daughter of a dad who owned a successful barber shop and a mom who was and always was willing to help others. Janice passed away as a result of cancer on January 8, 2014. She fought it for a year but the disease finally won. Janice went to Ft. Collins high school, where she graduated in 1955 and met the love of her life Jack Dedrick. Jack and Janice were married June 22, 1958 and were happily married for 53 years until his death in March of 2011. We are sure they will be reunited in the heavenly realm. During her life with her husband she worked as a book keeper in several places such as Forney's, Colorado State University and the Kidney Dialysis Center, while being a fervent support to Jack and loving mother to Karyl, her daughter. She and Jack loved to go dancing, take drives and go to the Poudre River to have picnics and fish. She is survived by her daughter, Karyl; son in law, Brian; and grandchildren, McKayla and Grayson Zinanti. In addition her sister, Marlene and her husband, John Nortier have also survived her and all her family have been Janice's biggest advocates. Janice was a wonderful support to all who knew her. She was an independent, strong, caring and loving woman. She was joyous to be around because of her laughter and fun loving spirit. She had a great memory and cognizant of everything around her. Janice enjoyed

sewing, golf, dancing, drives in the mountains and most of all reading and playing the piano. She was an accomplished piano player and would spend hours of her free time playing the old antique piano that she inherited from her parents. She also spent much of her time reading different genre of books and would go to the library consistently. She was very knowledgeable and informed. Most of all, Janice had a deep faith in God, and although we will miss her dearly here on earth we know she will be at peace with her husband, brother, parents and will be serving as a guardian angel to look after us, up in heaven. Through her journey she was a wonderful wife, beloved mother and friend for all who knew her. A Private Family Service is planned.

“*Marlene, A very nice obituary. It makes me wish I had made a better effort to stay connected with Janice. She and I were classmates from grade school through high school. At Laurel grade school we were both the shortest and weighed the least in the whole class. We were always within a pound in weight and 1/2 inch in height of each other and during the dreaded yearly weight calculations in front of the whole class, neither of us wanted to be the bottom of the class in either category. We laughed about this in later years. Living away from Ft. Collins, since 1959, I enjoyed talking to her when I returned for our H.S. class reunions, however, I did not know she liked the piano, and, had I known she liked golf, I would have loved to have played a round with her. I'm sorry for your loss, Marlene, she left too soon. The next time I play golf, I will ask her to help me make that putt! Neta Parsons Sharp*

“*What a beautifully written obituary. I'm so sorry I didn't know Janice in these later years. I didn't know that Janice married Jack Dedrick who grew up across the street from me and was a childhood playmate with Archie, Pat and myself. Boy did we get into mischief. So very sorry for your loss.. Love, Nancy*
