“ *I worked with Jesse at Poudre High School in the 80's. Jesse was a very kind and hard working person. He would work during the day at his furniture re covering job and then show up at Poudre to work the evening shift. He would only chat for a minute and then get busy working. I was always astonished at how he worked two jobs day in and day out and always seemed to be smiling. Jesse gave me some advise over thirty years ago. It was specific to his job of recovering but universal to a lot of situations. Always order 1/3 more than you think you are going to need. You really don't want to end up short. T. S. Berger*

“ Jess was my friend. For many years, we worked together at Poudre High School. At the end of the day when the students were gone, Jess would come into my classroom where I was still working and we'd have great conversations. I had always wanted to speak Spanish -- so he tried to teach me giving me new words every day. This all served me well when I visited Mexico and could understand at least a little bit of this beautiful language. He would bring the tamales his wife had made for us. He was always such a gentleman and a gentle man. What a wonderful family he has left and quite a legacy. My extreme condolences to you all.

“ I was a teacher at Poudre High School, and I remember Jesse well. He was the sweetest man and would come by the Business Department where I taught to have a chat. I am so sorry for the family's loss.
