“ Michael and Louise, I'm so sorry to hear of your loss. I worked with Joan in the Aseptic Lab when it was known as QLT. Toward the end of my employment there, in 2006, I was going through some bad times...Joan was always there for me. She was so good to me and had such a big heart. I remember her flipping her ponytail, going down the hall and her cute walk. I don't know if you knew this or not..but our nickname for her in Aseptic Lab was the "little warrior". Because that is what she was, a true warrior. No matter how bad she felt...she always would go in. Working in the Aseptic Lab was not always easy. She was a real trooper, and someone to be really proud of. My thoughts and prayers go out to you. God Bless Nancy Poltzer Morehouse
