

John Michael Graney

November 22, 1956 - July 8, 2019

John Michael Graney

Born 11-22-1956

Died 07-08-2019

John M. Graney escaped this mortal realm on July 8, 2019. He is no doubt exploring the galaxy. John was a very talented man and accomplished world traveler, who had a million stories to tell and they were all true! John was a very rare man in today's times as he was a true renaissance man. He could do just about anything he put his mind to. He was an accomplished finished carpenter, boat builder and artist John loved to laugh, eat great food, hang with family and friends and explore the world. He moved through life on his own terms and fully. He often said, "Nothing is worth doing without passion, or why do it?"

The love of his life Sydne, and his stubborn dog, Sydina survive John. John also leaves behind two wonderful sisters, Colleen and Pat Graney, and his brother Al Graney. Along with Sydne 's two sons, Damien and Brandon Archambault.

He also left me behind, Alex, John's best friend. I will miss him more than words can say. John is now flying the heavens. You might want to buckle up.
