“ April 24, 2016

Today ,at sunrise with the moon in the west over the foothills, I wrote poetry.

As I wandered to each "writing space" , there appeared a Judith Grajewski "TRUE TOUCH"

business card . This was my sign to look her up! The beginning of 2012 was the closure of my store and I have missed so many friends.

I am saddened to find her obituary.

Judith touched my life as a friend and healer. Through her Massage, voice and lovely intuitive care,my strength was revitalized. She came often to my shop with her soft voice and kindness. For customer "Appreciation Day" in 2002, Judith offered gentle Energy Work with a Special Shawl for placing over your shoulders.

We were always energized to see each other and share stories. Her valiant determination to thrive and walk all over town with a soulful gleam is how I remember her.

Today, I learn of Judith's passing March 18, 2012.

Prayers and remembrance of a Purely gentle and divine person, as she is still listening to her Family and those who were blessed to know her .

“ *Judith's beautiful smile is with me always. She was a loving support all the years we worked together to seek Truth -- all the while as she blessed me with her True Touch. I miss her.*

“ I first met Judith in, I think, 1985. We shared many a laugh, books, recorded books, tea and a large variety of ideas. We would meet at the oddest times and anywhere and everywhere around town, including once in Taos, when neither of us knew that the other was going to be there then. I had been looking for her lately, and now I know the meaning of the last smile we shared. She told me then with her eyes as she knew that I would know what the look she gave me meant.

“ Judith was the first person I met when I moved to Ft. Collins. Everything about Judith, her open heart and gentle way, welcomed me. Over the years, I have benefited from her work and her friendship. My life is better for having known her. I will miss her.

“ I met Judith the first time through her healing practice True Touch many years ago. I felt a true sense of comfort speaking with her and through some of her healing practices and the wonderful aromatherapy. I will always remember her love of purple and how well she looked in purple and how it brightened up her face. She was an easy person to talk with as if you had known her for years. Her presense in the library will be missed.

“ Judith was a neighbor. We usually met casually in the elevator, laundry room, and common areas of our apartment building, but when she did come to my apartment to visit even my reclusive cat came out to greet her. I was shocked to learn of her passing and miss her presence in my life.

“ Judith was sweet and gentle and good, and the library was a better place whenever she was here. And she had a rapier wit! She made me laugh. I miss her, and I know that you, her family, must miss her terribly. God bless and comfort you all.

“ Judith was a person who was so kind and welcoming that library customers felt comfortable approaching her. She really was a lovely woman. I used to see her as one of her clients in her massage practice. She had a very strong sense of intuition about what oils to choose and how they would affect her client's spirit. I always came out of those sessions feeling comforted and cossetted. I will miss her very much. Sue-Ellen Jones

“ I worked with Judith just a short time at the Library, but I loved her dearly. she always said "when she grew up, she wanted to be just like me." I miss her terribly and will always remember her gentle spirit.

“ I was able to hire Judith twice at the library. She had such a sweet and gentle spirit about her that staff and patrons were drawn to. I looked forward over the years to seeing her as a member of staff and the public. I will miss her smile and laugh. She told me that she was glad I took pity on an old woman and hired her back at the library. It was not pity, it was the way she was with people. I am so sorry for your loss. Judith will be missed!

“ For too short a time I worked with Judith at the library on Sunday afternoons. Her gentle soul was amazing to experience and I will truly miss her. Be at peace, Judith.

“ I've known Judy for over a year now. I will miss her smile and gentle ways with people, the soft way she speaks, her careful listening, and those beautiful purple outfits she wore...Judy, you are missed by all of us here at the bank.

“ JoAnn & Bob, We are so sorry to hear of your sister's passing. It is always hard but just knowing that she isn't suffering anymore is at least comforting. Please know you are in our thoughts & prayers. Love, Sharon & Kevin
