“ *Julie and I were friends for over 40 years. I will miss being able to laugh and talk with her. She was intelligent and could listen with responses that were wise and insightful. I was impressed by her. I will always remember this example; although, there were many. She made this world a better place by opening her home for kids in her neighborhood to come and finish homework after school. She felt education was a way of making a change for the better. She convinced IBM to give her a computer for the kids and volunteer teachers to help.*

She was devout in a quiet manner that I admired. She suffered so much pain and many hardships, but she persevered and lived a good life. A life, that was a model for all to follow. She made me want to be a better person. My condolences to Anna, Rose and her entire family.

“ I’m sorry to learn that my cousin Julie has left us. I’m glad to have spent some time with her, the last couple of times I was in Fort Collins. I have fond memories of my cousin when she came to visit our family in Sacramento. We took her to a Oakland A’s baseball game. We all had such a great time! My sisters Susie and Ramona send their heartfelt wishes to Julie and the whole family for their loss. God speed Julie!
