“ You will be missed Karen! I will forever be grateful for having you as the best childhood friend a person could ask for! So so many wonderful and great memories! Your mom and dad treated me just like I was their own. I'm glad Kayelene got to meet you and your Dad. Considering you were one of the first to hold her when she came home. You fly high Karen! Watch over all your loved ones. ❤️

“ RIP my dearest cousin Karen Clark. You are missed everyday and Allen is right you weren't supposed to go before the older ones. But now you are no longer in pain and you can fly high with the angles. See you in the other side my cuz.

“ Karen we were just talking about the painting that you wanted of the sloth a few weeks ago. I finished it right before you went into the hospital. I just don't know where I am going to send it now. I am pretty sure that the angels are not going to deliver it no matter what I have to tell them. Well I wanted to let you know that Jennifer and I were talking about how much fun we had as kids together. Riding motorcycles at Rampart Range, fishing with Grandma and Grandpa Clark. Do you remember when he would fall asleep fishing and we would just be left playing along the shoreline? I used to love to go to Christmas/birthday party at your house and eat Aunt Sara's cooking, it was always so delicious. Jennifer and I always hated our birthdays, hers two weeks before Christmas and mine two weeks after, but yours was the worst of all on the 23rd... Never a good time to share the days so closely. Well I just wanted to let you know that you will be missed. You were taken so young! Know that you were loved! I'm just happy that you will not be in pain anymore! Love you... Go fly with the angels.
