“ Larry asked me if I wanted a ride in his race car. It was the greatest car ride ever, right down the street.

“ Dear Sipes Cousins, Our condolences to your Family. Such a sad Loss. Our childhood memories are full of fond remembrances of our times together. Remember the summer Dad had us baling, loading, and stacking hay for our horses? We all had such a good time. Christmases were Magic. We will always remember Larry with Love. “ Trying to figure out my favorite uncle Larry memory has been more than hard. He was always there for me when I needed him. Weirdly, he has helped me out a lot as an adult. From buying me my first beer on my 21st birthday to showing disgust when I asked him what I should buy a Jeep or a Ford.

He took care of my baby chicks, while I was getting my coop ready. He drove up to the house to help evacuate from wildfires. Anytime I had a question about chicks and ducks, he would answer it. One day, I called him up (he answered) I asked him if he wanted a rooster, he asked me why I wanted to get rid of it? I really didn't have an answer. He told me I would get more eggs, they will protect the flock and if the rooster gets mean, we will just shoot it.

All these memories do not compare to my favorite thing about him. I love the way he said hi. Every time he said HI! It would make me so happy. Anytime I heard that Hi from another room I knew Uncle Larry is here. Fires, Fords, Ducks, Beers, Rooster shooting, that "HI" outweighed them all.

“ I have always loved Larry's sense of humor! From the day I met him, we both enjoyed bantering back and forth. It seemed to give us both positive energy. One Christmas, Larry and I may or may not have been blending adult beverages. Someone....left a spoon in the blender and turned it on. Needless to say he and I were blender shopping on Christmas Eve. The trip and the night were successful. Rest in peace with your loved ones Larry. Say hi to my folks if you see them.
