“ *My mother! She was most awesome and the best mother that there ever could have been!! She did so much for me in my life and she was always there with an encouraging word and a helping hand. I will miss her badly, but I know that she is in a better place and I know that she has been welcomed into the kingdom of God, living in paradise! I know that she is ever so happy, with her Mama and Papa and her many siblings that have gone on before her. She was a shining star in all that I did and I am proud of her! She did not know, but she just had another great-grandchild born on Sept 11, 2010 and there is another one due in about 3 months, to be born to my oldest daughter DiAnne. I hope that she looks down upon them with great joy! I miss you Mom!! Love you lots, Steve!*
