“ We have lost touch with her and I am sorry for that. I remember Loretta as a quiet, calm person with an inner beauty as well as external, I am ten years older than she so our paths took different directions over the years. When Loretta and her sisters were very small children the family moved to California not to return to Colorado until after WW2. The intervening years of moves and different paths traveled and cellphones replacing land lines, loosing touch results. Never -the-less she is Family and my caring is extended to her family at this time of loss. With sincere sympathy,

“ I first met Loretta the fall of 1969. I went to work as a hostess at the Charcoal Broiler and Loretta was a friend from the beginning. She did many kind acts for me over the next years. Loretta and Tom were wonderful people to work for and great friends. Sending prayers to Tom, Aletha, Don and their families. May you be comforted with your loss by loving memories of your Mom and Dad.
