“ *Lorraine Essig, my grandmother, was a very special lady. She knew just the right thing to say to keep you on your toes. You knew what she was thinking because she told you exactly what you needed to hear. She did this to help people. She did this out of love. My only regret is not spending more time with her and her side of the family while growing up. My condolences to my Grandfather Essig and to all of my Grandmother's family. God has truly blessed us with a wonderful matriarch in Lorraine.*
