“ My grandpa Manny was the biggest impact on my, my siblings and my cousin's lives. When he left this earth he took a peice of all of us that we will never get back until we see him again. He was our mentor, our best friend, and the greatest influence that I know. I miss you so much already grandpa. We love you...this isn't goodbye, just see you soon. Like you always said, see ya later alligator.

“ *Condolences are sent from all of Del's kids, we are all torn that we
couldn't be there on the day of our grandpas burial. My grandpa
was such a big part of all of us kids lives. We grew up in and around
his house, our childhood memories almost all consist of the big
bright yellow house lol. I can speak for all of the five of us when I
say we will all miss him so dearly and he will forever hold a place in
our hearts. He set our mindsets, was there when we first rode our
bikes and made sure we always had our bellies full. Our grandpa
made sure we had everything we needed and I'll miss drinking
Dr.Pepper with him early in the mornings before school. He had the
biggest impact on our lives and I know there won't be a day that I
don't think of him or my grandma, but they finally will be together
again. And that brings us all peace. We love you so much grandpa.
Thank you for being a friend or being stern when we needed it,
thanks for being my godfather and protecting me always
