“ My husband and I moved in next to Marie in 2018. I gradually got to know her, and we would have “coffee dates“ that originally were out and about at different coffee spots, but then had to be at her house. I would try to make her giggle every time I visited; because it cheered her up. One time (since I’m a baker, I brought over my culinary airbrush and a naked butt frosted two layer cake on a turntable. I showed her how it worked, and she had great fun spraying the cake various colors. She was a jewel, and I already miss her terribly.

Correction: that was supposed to be “a naked (undecorated) but frosted”
