“ *My prayers and sympathy for Margies Family
I wanted to let you know I was looking at obituaries on Coloradoan website. I had not seen Marge for a few years.and noticed she had passed. Margie was our secretery at the Colorado State Seed Lab. She Loved Wally so much and her sweet boys. She would mention you all at work back in the days she was very delightful to know both her and I would enjoy a cigarette when then it was allowed.She lived a long wonderful life I'm sure you will miss her Beautiful smile and caring heart. God Bless You with many memorable moments.

“ *Margie was a sweet dear friend and a lovely neighbor next door to me. We would get together periodically for some wine and have great conversations of our upbringing and whatever came to our minds we would discuss. I truly will miss her, along with that I have fond memories. Barb Farley*
