“ I remember the long talks with Marvin over coffee, about life and the daily challenges. He was very fun to talk to and listen to with his vast knowledge from medical topics to farming and of course golf. I remember this particular day after 2 other people in our group were celebrating their hole in one's. Marvin was complaining that he had been playing for over 20 years and he had never had one. I told him, maybe today is your day. Sure enough on the now, second hole par 3, 170yard. He knocked it in. No one was more surprised than Marvin. We had a great time celebrating his one and only hole in one. He was a great friend and he will be missed. We are putting up a memorial plaque for him on the bench at the 18th tee box at Collindale GC. For anyone interested in visiting it. I will try and post a photo when it's finished.
