“ Dear Meehan Family, I am so sorry to hear about the loss of your Husband and your Dad. I know how hard this is after lossing BillThomas and Emily. Your loved one will always! have a special place in your heart. I remember seeing Mike around and he was always so friendly with a soft voice and Always a smile. He reminded me of my Irish roots. Just yesterday it seems like the kids were playing under the big tree in front by your mailbox. Where has the time gone? Those little moments are some of the most precious memories. This is a phase of life that you can really never prepare for, but time, love and support will hopefully ease you through this life challenge. “ Dear Kathy and kids: This is a tough time for a family, but the love that I have witnessed over the years will guide you through. My fondest memory of Mike is him on the sidelines kicking his feet in unison with Chelsea as she kicked the soccer ball. What a character he was! Those memories will always remain with me. I'm so glad we were able to provide a companion for you and your family during Mikes illness. Blue always seemed very close to Mike and that makes me smile inside. Know that our thoughts and prayers are with you all. We are planning on being at the memorial service on Saturday to give hugs to you all.

“ Dear Chelsea, When I look at this picture of your Dad I see your smiling face. You beamed whenever you talked about him and I was so impressed with the patience you had for his disease. You probably don't realize how much you taught your classmates about love and caretaking. You rode the waves gracefully and I admired your appreciation of the small successes that he had. Now I wish you peace and joy as you send him on his way, tuck the memories in your heart and go forward with your life. Greetings to your Mom. Best regards, Merry Perry
