“ What a pleasure it was to know and work with Paulette at Putnam/Fullana.
We've lost a great teacher and friend.

Paulette was loved by students, their parents, her fellow teachers and colleagues. She was always willing to try something new that would help kids and make a better school experience for them.

She was so much fun to work with. I will always remember her great, joyful laugh. And who could forget her love of purple from the streak in her hair to the trim on her house? When I drive around town and see something purple, I say to myself, "Paulette would like that." I will continue to do this and treasure her every time I see purple somewhere along the road.

“ *Paulette was an amazing teacher my son had her at Putnam. She was a very supportive and caring woman. She wasn't just a teacher to her students she was someone who cared about their home life and would help to ensure the student thrived in all aspects of life.*
