“ Dear Watson Family - We first met Roger when our daughter was working at JC Keepsake in the mall. We feel so fortunate to have known Roger as he was such a kind and genuine man, had a great sense of humor, would go out of his way to help anyone, and was simply the best jeweler we've ever known. Roger took our daughter under his wing in the business, was a protective "dad" to her, we always took comfort knowing he was there. We remained friends over the years, thought of him often, though I am sorry to say that we didn't see him much in the last few years and didn't know that he was ill. Please know that Roger will be missed. We are so sorry for your loss.

*Warmest thoughts and prayers for comfort and peace,
Bob and Patty Pickering*
