“ I've known RoseAnn since 3rd grade and although we have never been "close" friends, I've always considered her a friend. I will miss running into her at random places and catching up. I recently saw her and knew her health was failing, I hope she went peacefully and I'm glad she is no longer suffering. I pray her family finds comfort in how loved she was. I will always remember her smile and bigger than life personality, I'm thankful for having known her.

“ *I have known Rose Ann since elementary school and even had the pleasure of working at the same employer, PVHS. We didn't hang out but knew of each other and it was always an easy time talking to her. I hope that the family who is left to say goodbye can move on with as little pain as possible. Missed but never forgotten.*
