“ *Sally was a very good friend and I really miss her. We met through work and found we were both "only kids" and we had had some of the same growing up experiences. Sally, I will miss sharing coffee time with you, talking about our pets, books and going to card making classes. I will always remember you when I see the "fall birds." You went way to soon. Thank you for having been a part of my life and having touched my heart. God bless you. Connie Kler*

“ My sympathy to Sally's Family. I worked with Sally for many years and she indeed had a love for crafts. I still have the beautiful Christmas ornament she made out of lace. I place it on the tree every year. We went to a Flower Arranging class together. She had wonderful instincts and created a lovely arrangement.

May memories of Sally comfort you and give you peace.

“ Sad to hear of Sally passing and condolences to the family. I worked at the Ft. Collins telco buildings with Sally for three decades. She was always there when I needed her help and always good to talk to about everything. God Bless her as she will now be reunited with her father and mother.
