

Sandra Sue Turnbull

May 7, 1952 - May 27, 2026

Sandra Turnbull passed away on May 27, 2026. She was a mother, grandmother, great-grandmother, sister, aunt, and friend whose life was marked by both hardship and deep strength.

Sandra faced many struggles throughout her life, but despite those challenges, she carried a caring spirit and a strong heart. In recent years, those around her were able to see more clearly the person she truly was—thoughtful, loving, funny, and deeply human.

Her family's relationship with her evolved over time, and in her later years, meaningful connections were rebuilt and strengthened. She was loved, and her passing leaves an emptiness that words cannot fully express.

Sandra will be remembered for her resilience, her unique personality, and the moments of warmth and connection she shared with those close to her. Though her life was not always easy, it mattered deeply, and she will not be forgotten.

She is survived by her children, grandchildren, great-grandchildren, extended family, nieces, nephews, and all those who cared for and loved her throughout her life.

A celebration of life will be held at a later date.

The family asks that Sandra be remembered not for the struggles she endured, but for the strength she showed in carrying on and the beautiful smile she shared with those around
